Dear Debra:

This letter is in regards to a grievance filed August 12, 2010, requesting Health Net of New Jersey, Inc. to provide additional reimbursement for services rendered to the above-referenced member. As you are aware, the claim was processed according to the member's Out-of-Network benefit.

After a review this grievance, the documentation submitted and the member's claims for the above date of service, I have made the determination the claim was processed correctly. If a member prefers to utilize a Health Net non-participating provider the member is responsible for the payment of the applicable calendar year cash deductible and/or coinsurance per the Evidence of Coverage. The member opted to use a non-participating facility and a non-participating surgeon therefore the related claims are also processed according to the member's Out-of-Network benefit. Therefore additional reimbursement will not be issued.

This determination represents the final decision of Health Net's internal provider grievance process. If you have any questions regarding this letter, please call me at (800) 811-9826, extension 59806.

Sincerely,

Alicia Lorello
